Arabian Princes

Great interest in the construction of tankers was shown by the sons of the King of Arabia, Prince Amir Faisal and Prince Amir Khalid, when they recently visited Marinship Corporation in Sausalito. The princes, representatives of one of the richest oil bearing countries in the world, were greeted at the yards by S. D. Bechtle, vice president of Marinship Corporation, and William E. Waste, general manager. Bechtel presented them with a model of the 10,000 horsepower tankers now being built at Marinship.

Seven Candidates In Race For City Council Positions; All Residents Urged To Vote

Voting for Marin City's councilmen starts at 9 A.M., November 10, Wednesday, in the Lounge Room of the Community Center. Balloting will continue until 8 P.M. so that all shifts may participate.

Heavy voting is predicted from Apartment District A and Hill House District D, where council seats are contested. Candidates from these two districts are N. B. Campbell, Dan Lounsbury and H. A. Kelly of District D and Mrs. Carrie Percy and R. A. Shane of District A. Running unopposed in District B and C are Oliver Engle and Dan Allen.

The Marin City Council, the governing body of this town, is elected by democratic procedure by all resident citizens here over 18 years of age. According to the provisions of the constitution of Marin City there are only two voting requirements—the voter must be 18 years of age or over, and the voter must be in residence at Marin City, as shown on the files of the housing authority.

This voice in choosing their representatives on city government here provides most Marin City citizens with their only opportunity to enjoy their democratic right to vote. This is their only chance to vote anywhere because most of the people have not been here long enough to satisfy the terms of residence required for county, state, and federal elections.

A vote cast for Marin City Council representatives does not affect, in any way, the voting status of residents in coming county, state or federal elections.

Residents vote for the candidates running in the districts where they live. Residents in Apartment District A (apts. A-1 to A-34 and B-1 to B-6 inclusive) may vote for one candidate.

Residents in Apartment District B (building A-35 to A-66 and B-7 to B-11 inclusive) vote for one candidate.

House District C residents (houses 1 to 353 inclusive) vote for two candidates.

Hill District D residents (houses 354 to 806 inclusive) vote for two candidates.

See page two for statements from all candidates.

Write-In Candidates A Possibility

The possibility of write-in candidates at the coming Marin City Council election was revealed this week by Daniel Allen, unopposed candidate in District C.

"It's a democratic procedure for any qualified voter to offer himself for a candidacy, after the nominations are closed, on a write-in ticket. Those who wish him on council would simply write his name on the ballot when they go to vote at the polls.

"If any candidate, from any Marin City district, announces himself between now and the election, November 10, his campaign would be to instruct friends and neighbors to write in his name on their voting ballots election day," says Allen.

The situation in District C, where Verne Lindberg is not running for re-election, particularly invites a write-in candidate, says Michael Smith, council chairman. "Lindberg's decision not to run for re-election was not made public during the nominating period. Consequently many possible candidates did not enter the election field, being satisfied with Lindberg's record and not desiring to oppose him. Now that they know his council seat is unopposed, these men or women, may declare their candidacy by instructing friends and neighbors to write-in their names at the polls," says Smith.

Meeting With Marin Sheriff Is Arranged

A meeting between the improvement committee of the Marin City Council and County Sheriff Walter B. Sellmer is being arranged for next week, according to Michael Smith, chairman of the council.

The meeting is being held to discuss with Sellmer the charges levelled during the past few weeks at the Marin City police. The police here work under Sellmer because Marin City is an unincorporated area.

A report of the meeting will be given to all residents, Smith said.

Resident Killed By Hyster At Marinship

Mrs. Margaret A. Vizzard, 29, well known Marin City resident, was struck and killed by a hyster at the yard last Wednesday.

Mrs. Vizzard, who lived in house 655, was struck while at work. She was a shipfitter trainee on swing shift. The accident occurred just south of the sub-assembly building.

Surviving Mrs. Vizzard are her mother and three small children.

Square Dancing Starts Again Next Monday

A folk and square dancing evening starts next Monday at the Community Building at 7:30. Instruction for the steps and squares and a collection of phonograph records to provide the music come from Mrs. Lois Nelson, local recreation director here.

Everyone in Marin City is welcome to come along, with callers particularly invited. There is no entrance fee or instruction charge.

Mrs. Clyde Durham, first grade teacher here, celebrated her birthday last Monday by having the lights of San Francisco come back on, for her 49th anniversary and the abolition of the dim-out coincided.

$14,000 Cut From Budget Of Marin City and Sausalito Schools; Federal Aid Asked

A cut of $14,000 in the budget for the operation of the Marin City and Sausalito schools has been recommended by the State Department of Education, school superintendent Clifton Boyle revealed yesterday.

This recommendation which would curtail operation of the school here, goes to Federal officials along with the application which seeks $66,079.17 from Federal Lanham Act funds to run this war emergency school.

However, says Boyle, it does not necessarily follow that this recommendation for slashing the finances needed, will be adopted. Final decision on the proposed budget will be made in Washington, D.C.

The first cut proposed by the state man, Dr. Ralph Boyden, is in the equipment fund which originally asks for $9550. Dr. Boyden recommends that this be dropped to $5000, assuming that the original fund was over-estimated in the application because the Federal Public Housing Authority had granted similar sum, $9550. But, says Boyle, this sum from the FPHA was for plumbing, heating, and lighting and did not provide the desks and equipment which are needed.

The second recommendation cut was taken out of the cash balance deemed necessary by the application. Dr. Boyden stated that the request, $8000, was a modest one, but cut it on the grounds that the Sausalito School District had not consistently maintained an adequate cash balance in the past, consequently such a balance, which is necessary to carry the school through the summer months, should be cut to $2996.

The third cut comes under the heading of cafeteria supervision. The application for federal funds asks $6500 for personnel to provide daily hot lunches in the proposed cafeteria at the Marin City school. This sum has been reduced to $4500 on recommendation by Dr. Boyden.

Dr. Boyden's final recommended budget is for $52,612—leaving the school district here short $14,000 for the current year. So far, says Boyle, not one cent of Federal money, has come through to support the new school.

Christmas Jars For Party Funds Now Placed

Jars for contributions to the Christmas party which will be given here next month for Marin City children are now placed at the rental office and the market. Collections from the jars will buy treats for the kids at the Christmas party which is being given by allied organizations here.

Next Tuesday at 1:30 p.m., the first planning committee meeting for this party will be held at the Community Building. The heads of all Marin City organizations are being asked, by Councilman Verne Lindberg, to send representatives to sit in on the arrangements.

Franchise Asked For Marin To Sausalito Run

The Marin Motor Transit Company (the little yellow bus) last week filed formal application to the State Railroad Commission for scheduled freight and passenger service between Sausalito and Marin City. This announcement comes from Charles Moser, driver and owner, who declared that this is the first public franchise carrier application filed in Marin county for 20 years.

When the application is granted, it will insure the establishment and maintenance of a regular schedule. Moser plans to start the passenger service at 7 a.m. and continue on the half hour between here and Sausalito until 12:30 p.m. The afternoon will be on an hourly schedule, says Moser.

The granting of the application will also make it possible for the company to get delivery on the two new buses which Moser has purchased. These additional buses will provide evening service here, he says.

The company has been operating under the jurisdiction of the city of Sausalito.

Teeners Hold Big Dance November 13

Marin City teeners play host to the entire community Saturday night, November 13, when they hold a dance at the Community Center auditorium. The dance is for the purpose of raising funds to equip the new teen age recreation cottage.

A big dance band from San Francisco has been engaged by the teeners for the evening. Everyone is invited to come and have a good time.

Mrs. E. W. Sherman and daughter, Eileen, are going to St. Paul, Minnesota next Friday where they will meet their son, Bill, formerly a resident here and a welder at Marinship. Bill is now enrolled in a merchant marine officers training school in St. Paul and is due for two weeks furlough when his parents arrive there.

Statements and Platforms of City Council Candidates

Seven Candidates From Four Districts Appeal To Voters To Go To Polls November 10

Seven candidates filed their nomination petitions for the five contested seats on the Marin City Council by the deadline last Tuesday. The election will be held on Wednesday, November 10. The candidates are:

Mrs. Carrie E. Percy, A16, 627 and R. A. Shane B2, 242, candidates in Apartment District A where one council seat is to be filled.

In Apartment District B. Oliver Engle, A56, 400, runs uncontested for the one council position there.

Daniel Allen, incumber councilmen, runs uncontested in District C where two Council seats are up for re-election.

District D, the hill area, has three candidates running for two vacant seats. The candidates there are N. B. Campbell, House 768; H. A. Kelly, House 695; and Dan E. Lounsbury, House 752.

This line-up reveals voting contests in only two of Marin City's voting districts—in Apartment District A and Hill District D.

The constitutents of each district will determine which of the candidates will represent them on the Marin City Council at the polls on election day, November 10.

These council positions are not paid jobs. Each council man's and woman's tenure of office is a volunteer service dedicated to the improvement of this war emergency community.

Statements from each of the candidates are printed below. Read them, make your choice and be sure to vote next Wednesday. Polls are open all day at the Lounge Room of the Community Center. The candidates statements follow:

R. A. Shane District A

"The sole reason for my participating as a candidate for councilman is emphatically for a bigger and better Marin City. Not necessarily bigger in the amount of population here, but 'bigger' in understanding, cooperation and progress that will lead to a quicker peace for the world. Only by pulling together can we accomplish this, so let's go!

"This city, a melting pot of all 48 states of the union, could worthily be called 'Little America', as we have all races, creeds and all types of people here. But whether it is 'Little America' or 'Big America' we all have a job to do—to build ships and speed victory! And by being satisfied with the city we live in will contribute a great deal to that job. This is where the Councilmen come in. It is their job in addition to the shipyard work, to make this city a bigger and better place in which to live.

"Last winter we all encountered a little difficulty in our ice deliveries. We all know that ice is a very important factor in our households because it saves a tremendous amount of food. I took it upon myself to solicit a petition of 100 names from our district to force the ice company, either to expand enough to deliver ice or let someone else in who would give service. Since then we have had pretty good service.

"I am a native of Denver, Colorado, have a wife and a 5 year old son. Was in the U.S. Navy from 1928 to 1937. Have friends in all places from Chungking, China, to Vancouver, B.C. Have lived in California for some time. I am a leaderman in the marine electric department on the outfitfiting docks at Marinship. Have been in the yard and at Marin City more than a year and like it fine.

"Should I be elected Councilman I will try with all my might to live up to the expectations placed in me for a bigger and better Marin City."

Mrs. C. E. Percy District A

"I appeal to you as residents of the second largest city in Marin county to come out and cast your vote for Councilman from your district on November 10. It is your civic duty.

"We hear so much about doing our duty these days and some of you may feel a bit 'fed up' with doing your duty. The fact is that doing one's duty is considered an old-fashioned virtue but is actually good business practice. It really pays you well. It is a practice that will keep oiled and smoothly running the wheels of our 'big business', the United States of America. Marin City is just a cog on a wheel but has the power to disrupt or contribute to the smooth running of the governmental machinery.

"Furthermore, many of you have taken the attitude that living here is just a temporary 'here today, gone tomorrow' affair. This is contrary to human nature. The family, the home, must stabilize itself, put down roots and grow. When it fails to do that we do as seed in the garden does—disintegrate. History is full of the stories of decadent races who died that way (letting the other fellow do your job). Let's not follow in their footsteps. Come out and help us grow in all the ways that will make for clean, progressive living.

"I have always been interested in the welfare and civic affairs of the community in which I lived. I believe it is the duty of citizens who have time or can take time to participate in these activities to do so.

"Personally, I have had no previous experience in governmental activities,but have had considerable in educational and recreational organization and administration.

"However, having established my residence here in the early days of Marin City I believe I am aware of some of the needs and adjustments necessary and will do what I can toward solving these problems. If elected to the Marin City Council I will vote for and promote such measure as I believe to be for the best interests of all. I will endeavor to attend every meeting of the council."

N. B. Campbell District D

Council candidate N. B. Campbell entered the council race here in Hill District D with charges that the present council hasn't produced; and with promises that his election would start some action.

"Something more must be done than has been done to make Marin City a decent community to live in. We have the council to work on our problems—so far, they may have worked, but they've produced little that means anything to the men and women who live here. I'd like to get in there and see if things can't be changed around and some action come out," he declared.

"The school which our children attend is over-crowded and now is in danger of being in worse straits with the contemplated Federal slash in the school budget.

"The rains are coming, and we on the hill are in the same situation which greeted us last winter—roads with chuck holes, clotheslines with no duck-board protections underneath to cover the mud; the stoves still backfire, and there are no sidewalks leading to our mile-high homes. Back in Colorado, where I come from, we licked a lot of problems just as bad as these by getting together and pushing. Marin City is my home for the duration—and I'm not going to sit here twiddling my thumbs when a little pushing will produce better living for all of us," Campbell stated. He lives at House 768.

Dan Lounsbury District D

"If working parents here won't provide care for their children, let the council pass legislation to force them to be decent parents," demands Dan C. Lounsbury, council candidate in Hill District D.

"Our big problem, as we see it up on this hill district is seeing that working parents are not permitted to neglect their children just to save money.

"I'm running for city council because it is the only recognized instrument through which we can pass reforms like this and make a lot of other improvements which this place needs," he asserts.

"The people here in District D are entitled to have council at least make an effort to provide some kind of public transportation for the benefit of the 'cliff - dwellers' up here. It's rediculous that this district in town which has the largest number of children, should have no transportation for those children the mile to and from school.

"Furthermore, what good does that playground over by the San Francisco highway do our children, who are next door to the Manzanita intersection? Our children need a playground as well as the other district's children," declares Lounsbury, House 752.

H. A. Kelly District D

"I am a candidate for election to the Marin City Council on November 10. Most of you people are new to our city and have come from far and wide to settle and make your home here. Marin City is something brand new in the housing field. It is new in that people have come from all over America to live. Naturally there exist here hundreds and hundreds of customs known only to the few from each of their localities. It is my idea that all of these customs should be brought to the front here and tried so that everyone could be a little more sociable than what they are. That is one of the main reasons I am running.

"Here a few of my plans which I will put into effect if I am elected:

"(1) Better transportation for all, (2) better deliveries of ice and milk, (3) better lighting system throughout the city, (4) an all around the clock nursery for mothers who work, (5) road repairs and adjustments, (6) a signal for the Greyhound passengers at night so that buses will not be missed, (7) any complaints brought to me will be taken up with the council, (8) a member of the Marin City Merchants Association will be asked to sit in on council meetings, but will not be allowed to vote, (9) a committee to be made up of council members and merchants to take up matters pertaining to same, (10) a better traffic system, (11) additional playgrounds, (12) a child welfare committee made up of council members to investigate willful neglect of minor children, (13) parking spaces to clear emergency roads, (14) dirt roads to be repaired and gravelled, (15) ambulance service to your door, (16) taxi service for all.

"If you elect me I will endeavor to try to improve on aforesaid plan and platform.

"I will say sincerely from my heart that my interests are also yours."

A Handful for a Full House: That is what pretty Mary Antunovich of Marinship Corporation is saying as she displays tickets now on sale for the Convalescent Service Men's Jamboree to be held at the Scottish Rite Auditorium, Armistice Day. The jamboree is being staged under the co-sponsorship of the Marinship War Fathers and the AWVS, led by Mrs. Nion Tucker. Nearly 1000 wounded and convalescent service men from Bay Area hospitals will learn the meaning of friendship when 17,000 Marinship employees shower them with attendance. A dance, with entertainment by selected stars of the stage, screen and radio including headliners from San Francisco night clubs is being planned. Roger Hurd, president of the War Fathers Club, is chairman of arrangements.

Kids Buy Many Bonds and Stamps

At the school's war stamp savings day last Tuesday, 1149 ten cent stamps were purchased by the school children. There were 333 of the 25 cent stamps and 20 of the 50 cent stamps sold. Along with cash and turned-in stamp books for bond purchases, the day's total sales were $220.90.

Mr. and Mrs. E. A. King and young daughter, Dianne, have moved to Petaluma where they have purchased a home

PTA Second General Meet Next Sunday

The Parent-Teachers Association of Marin City holds its second general meeting here next Sunday at 3 o'clock, at the Community Building. The program will include a symposium led by Miss Dulcie Green, school nurse, and songs by the sixth grade glee club.

Members of the discussion panel on "What Makes Your Child Attractive?" are: Mrs. Lee Wright, kindergarten teacher; Miss Edna Rockstroh, County Health Department nurse; Dr. Edith Young, specialist in child hygiene of the State Department of Public Health; and Mrs. Daniel Allen, a parent and secretary of the Marin City Improvement Committee.

The business meeting Sunday afternoon will include reading of the by-laws for membership approval and a report on the membership drive. Mrs. John Wilker, president, will chairman the meeting.

Announced by Jo Ann Moen, the glee club from the afternoon session of the sixth grade will sing "The Star Spangled Banner," "Oh, What A Beautiful Morning," "There's A Cowboy Ridin' Thru the Sky," "Comin' in on A Wing and A Prayer", and "You're A Grand Old Flag."

Members of the singing group are Donald Adler, Joan Slate, Elsie Young, Elaine Nash, Billy Smith, Colleen McLaughlin, Ruth Mae Leet, Janette Makaroff Lila Pense, Marvin Kolar, LaVonne Krefting, Kenneth Smith, Janet Yourchuck, Lila Flynn, Tommy Lombardi.

Color guard boys will be Louis Rankin, Bob Searle and Robert Abbot.

The meeting is open to the public, and all Marin City parents and residents are invited to attend whether they are members of the organization or not.

Mary Phipps, Welder

Marin City Woman Becomes Expert Certified Welder in Four Months

Mrs. Mary Phipps of Marin City could serve nicely as a model of "how to succeed in a shipyard" or "becoming a certified welder in four months."

Because that is the unique record which Mary, the first certified woman welder at Marinship, has made for herself. Her war career started back in Colorado Springs last year where she studied welding at an aircraft school for three and one-half months, because she was bored and had nothing else to do.

Then when she and her husband came to Marin City last winter, she started in as a journeyman acetylene welder. Two weeks after she started work in the yard, a Maritime Commission inspector came by, saw her work, and recommended the test for her which she passed the first time.

This November celebrates a year of certified work in which she estimates she has done at least 4000 welds since January.

Mary declares she owes her success in this new field to two things—the aircraft training which taught her to do small welds carefully, and the training which her fingers have received in years of sewing and knitting as a housewife.

The precision of her work can be measured by her record in the high pressure steam pipe welding which has all been tested before it was installed. The rule is that if any welder's work shows up faulty under testing—his certification can be taken away. The pipes which Mary welded were all perfect but two. This is in contrast to another certified welder, a man, who has had 50 leaks in the pipes which he has welded.

Although Mary was the first woman to be certified and is the only one living in Marin City, there are eight other women certified welders in the pipe shop. And Mary says that whatever is to be said of her, must also be said of these, her yard sorority sisters.

Mary says that the women in the shop are far more conscientious, work just as hard, and take their work just as seriiously as any of the men.

Theirs is not a glamorous job. They can't wear hoods because of the little places they have to put their heads into to do their work. They have to wear bandannas tied down just over their eyebrows. The leathers, for acetelyne work are just more bother than the small spark menace is worth. So their clothes, their arms, their hands and the front of their hair—do get burned.

Mary's husband, Woody, is an arc welder, who hasn't passed his certification test yet. But just like the rest of the welders who respect her craftsmanship, he's proud of the little woman who stepped out and licked the men at their own game.

GARDEN NOTES

By HELEN VAN PELT

Try this with your houseplants: at night, group them around under your reading lamp—the light will stimulate growth.

If you notice apeus on foliage plants, put them on the porch and turn on them a gentle spray of the hose. Give them occasional plant food, particularly if in small pots, and set them outdoors.

SKY LINE GARDENERS TAKE NOTICE

Everybody who has bought or taken over from the original owners any plots in Skyline, please report same to Garden Center (House 142) and register. The Garden Center is making a map and will soon reassign all plots not registered.

Cubs To Hold Annual Circus At San Rafael

Cub Pack 32 of Marin City, is drummiog up attendance for the annual Cub Circus to be held at the San Rafael High School Gym on Friday, November 19 at 7:30 p.m.

The local cub pack, sponsored by the Women's Club, will not participate in the circus this year because it was organized too recently to get a program ready for the event.

War Chest Dance To Be November 20

The big War Chest dance to be sponsored by the Marin City Council has been postponed until Saturday, November 20. Reasons for the postponement were:

(1) To enable the arrangements committee to have more time to really organize a bang up affair.

(2) The fact that Earl Robinson, composer of "Ballad for Americans" and many other world famous songs, has agreed to come to the party and sing if it could be held on November 20. Robinson lives in New York but will be in San Francisco that week end.

Norwegian, Russian and Swedish dancers from the Bay Area have agreed to participate in the affair. A large dance orchestra from San Francisco has been engaged for the evening. Indications are that it will be the biggest Marin City occasion since the birthday party.

Proceeds of the party will go to the Marin War Chest and to international refugee relief groups.

Mr. and Mrs. E. S. Gorman of Richmond, were dniner guests at the Larry Nichols apartment, A15, last Saturday. Mrs. Gorman is Larry Nichol's sister.

Recent visitors at the H. P. Shaw home, A-49, were Mrs. Helen Flores and daughter Ronna Jean, and Miss Virginia Stamps from Oroville, California.

By Dorothy Smith

The women, who by tradition are closer to family ties and more concerned with future security, are the ones to pioneer in post-war planning. Right here we can work for a safe world under the banner of the Marin League of Women Voters, who are working for an intelligent enunciation of American foreign policy.

Of what benefit to the children now is the winning of this war if another 20 years provides another world conflict? Our past policy of isolation has always brought an eventual capitulation into European wars. It just doesn't work.

For the children who are still young enough to avoid this war let's not sow the seeds of another. Rather let's assume the responsibility which is legally and morally ours and find out what our job is to guarantee peace and safety and a good life for our children.

You may provide the vitamins and the care which makes your baby grow into a fine adult, but you're feeding that child poison if you neglect the world environment which he is going to meet.

Let's not pass the buck, and in helpless feminine fashion say, "I don't know anything about politics and government, my husband decides those things in this family."

Let's start at the bottom and provide good government right here in this town, then let's start reading and talking and finding out what we want after this war—then let's go out and get it.

Women's Club Asked To Sponsor Registration Plan For Presidential Primary

An appeal to the Women's Club to sponsor a registration campaign among Marin City residents before the presidential primary in May, was made last Wednesday at the club meeting by Mrs. Walker of the Marin League of Women Voters.

Her appeal was backed by Mrs. Ray Schultz, past president of the league, who explained to the ladies present that a year's residence in the state establishes eligibiilty. Registrations may be made at the County clerk's office in San Rafael any time before 39 days prior to the election day, said Mrs. Schultz.

These representatives from the league and the hostess from Fort Cronkhite were introduced by Mrs. George Hinnenkamp, program chairman of the evening.

These representatives from the league and the hostess from Fort Cronkhite were introduced by Mrs. George Hinnenkamp, program chairman of the evening.

The program followed a business meeting at which time the club voted to join the Marin Motion Picture Council, with Mrs. Rolf Bremer as club representative, assisted by Mrs. Bonnie Bright.

men were led off by Mrs. W. C. Billingsley, war effort chairman who announced that the Blood Bank will be here on its monthly visit, November 12.

Mrs. Billingsley announced that she had ticket books to sell which were a combination and chance on the races at Bay Meadows, Saturday, November 27. The tickets are $1.10 and proceeds will benefit the Stage Door Canteen and the San Francisco Children's Hosiptal.

The salvage committee report was made by Mrs. Robert Cooper, chairman, who announced that the regular paper drive, carried on by the Boy Scouts, will be a pick-up of all papers this Saturday. Tin, paper, and grease are now being collected, she stated.

Mrs. George Hinnenkamp, the Cookie Brigade Chairman, enunciated an appeal for materials for the monthly baking night this Friday. The response provided ration stamps and money for ingredients from the club members during the evening.

A letter of appreciation from the Marin County League for Service Men was read by Mrs. Philip Dunn, chairman, thanking the club for the junk jewelry collection which was turned in last month.

Mrs. Harmon Smith, chairman, reported on activities of the child welfare committee. Mrs. Smith described her visit to the school where boys are anxiously awaiting the formation and activities of club packs. She also stated that the girls begged for a girl scout campfire girl club.

Den mothers and girl scout leaders are urgently needed so that these organizations may get started, Mrs. Smith declared.

Mrs. Art Walenta, Home Nursing chairman, announced that a class for teen age girls has now been organized at the home nursing headquarters, A-40, 363. Regular classes for both girls and women are now being held every Wednesday morning and evening. Enrollment or information may be had at the headquarters.

Mrs. J. R. Kahrt, club president, announced that the December meeting will be for election of officers for the coming year.

After the meeting, refreshments were served by Mrs. Geo. Galbraith, tea chairman. Mrs. Galbraith announced that the evening was the last time of the year when she would be refreshment hostess. Mrs. Galbraith has been in charge of the tea table at the last 14 meetings.

Women To Hold Pot Luck Supper

A pot-luck supper for Woman's Club members and their husbands was voted for November 21 at this week's meeting of the club. All members are invited to come and bring along their husband and favorite dishes for the supper. The event will have a Thanksgiving motif.

Strictly Personal . . .

By PEGGY BILLINGSLEY

Mr. and Mrs. J. W. Drath left Marin City for Fresno where they will make their home. Mr. Drath has been working at Marinship for a year but has been forced to leave on account of his health.

Mr. and Mrs. Harmon Smith and family are leaving this week-end for their home in Willows, California. Harmon is returning the first of the week, but Mrs. Smith and children will remain in Willows until Thanksgiving.

Week-end visitors with the Carl Nelson's of A18 were Chester Nelson (cousin) and Hy Dedeen of Hastings, Minn., who have been visiting friends in Los Angeles. They left here for a visit with relatives in Lewiston, Idaho before returning to Hastings, Minn.

Last week-end Mr. and Mrs. James Hill of A15 had a reunion with friends from Eureka, California, their former home. They celebrated enlistment of "Red" Sohel, who came down from Eureka to join the See Bees. Others present were Mrs. Hohel, Verl Callison, Donald Kausen, Tommy Slethich, U. S. N., now stationed at Treasure Island, and Mr. and Mrs. Tony Sepic of San Francisco, former residents of Eureka.

Mr. and Mrs. E. H. Husel just received word from their daughter, Elizabeth, who is a WAC stationed at Camp Breckinridge, Ky. that she was recently promoted to sergeant. She was granted a furlough and visited at the home of one of her WAC friends in Birmingham, Ala.

Visiting Mr. and Mrs. Art Walenta of House 15 is Mrs. Walenta's mother, Mrs. T. Miller of Philadelphia, Pa.

Mrs. E. H. Wilson of A30 has been visiting her mother in Leadville, Colo. The mother, Mrs. Mary Luopa, returned with her daughter for a month's visit in Marin City.

Mr. and Mrs. M. E. Davis and family this week moved to the home which they recently purchased in Mill Valley.

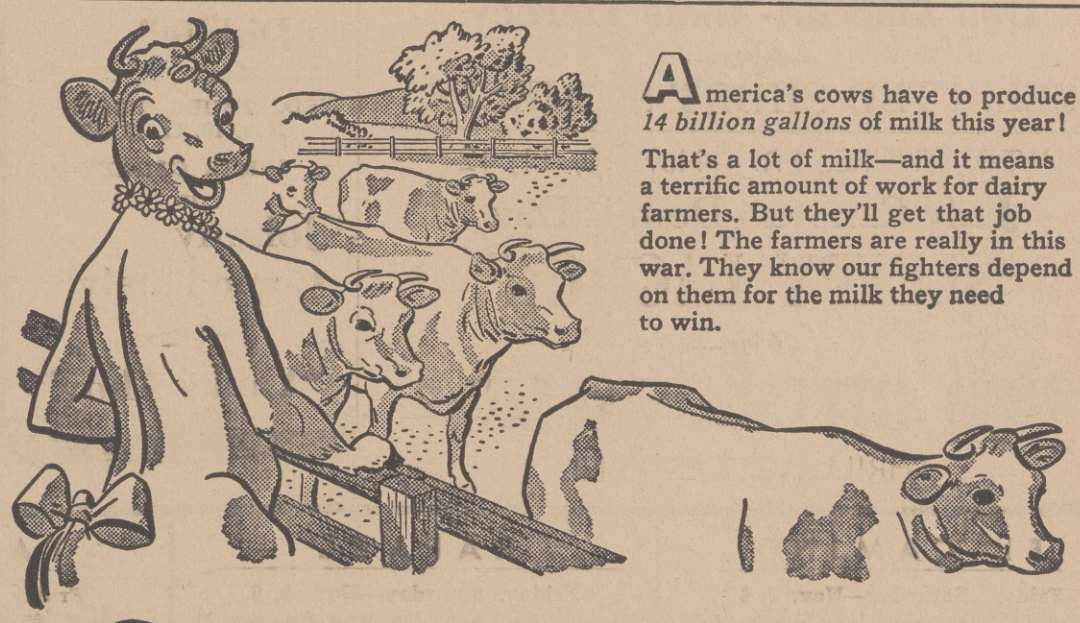
NEWS FROM THE FOOD FRONT
by Elsie, the Borden Cow


America's cows have to produce *14 billion gallons* of milk this year!
That's a lot of milk—and it means a terrific amount of work for dairy farmers. But they'll get that job done! The farmers are really in this war. They know our fighters depend on them for the milk they need to win.
The hand that feeds us, needs us! Men, women, boys and girls—enroll *now* in the U. S. Crop Corps. Sign up now at your nearest Farm Labor Office. Help save California Crops for Victory!
THE BORDEN COMPANY can tell you *plenty* about the farmer and the magnificent job he's doing! We've worked with him for over 80 years — and this year, especially, he deserves America's thanks and help.

Round Up of Store Hours Listed Here

As Marin City's commercial center swings into business these days, a variety of store hours have created confusion about when residents may shop. Presented below is a round-up of the present schedule:

Market—9 a. m. to 6 p. m. except Sunday.

Drug Store—9 a. m. to 7 p m., except Sunday.

Liquor Store—10 a. m. to 6:30 p. m., including Sunday.

Barber shop—8:30 a. m. to 6 p. m.

Beauty Shop—9 a. m. to 6 p. m. Tuesday, Thursday and Saturday; 9 a. m. to 8 p. m. Monday, Wednesday, Friday.

Department store—9 a. m. to 6 p. m., except Thursday when it is open until 9 p. m.

Sweet Shop—10 a. m. to 6 p. m. daily except Sunday.

THE WEEK'S BEST SHOWS

By ANNIE OAKLEY

Moming pictures can never come to the "red stamp," blue stamp" variety of rationing, but theatre managers, and booking agents are beginning to suffer some of the discomforts in their business that the hamburger and butter vendors have been experiencing.

With a big part of Hollywood's leading men playing the leading roles in the army, navy, etc., the ever abundant list of titles has been reduced to a trickle. In times past show house men could select and be choosy. Now they scramble around trying to get suitable films. Even westerns and class "B" thrillers, are shy and in demand.

Hollywood, recognizing this limitation, has to a certain extent cut down on the drivel and passed out a slightly higher percentage of worth seeing movies. MARIN COUNTY BOOKINGS THIS WEEK, FOR INSTANCE, INCLUDE A FEW fine shows.

"JOHNNY COME LATELY" at the Gate is James Cagney in a clever, interesting, exciting, and all that sort of stuff, story about the "glamorous" newspaper business. A big city "press man" he retreats to the woods for comfort and relaxation on a small country paper. Needless to say he doesn't find it. What he finds is the making of a first class Cagney effort.

"HEAVEN CAN WAIT," at the Marin. In technicolor Don Ameche fairs well and Gene Tierney would look well even in a blackout, and the devil, played by Laird Cregar, looks very glamorous in blacks and reds. The movie is about the amorous sins of an old gent who is on his way to hell. He does not make it, but the reasons why he thinks he should are interesting.

The Sequoia in Mill Valley is running "Phantom of the Opera" this week. Last week at the Marin it packed them in, and "goers" left wondering whether it was the really fine scare job that Claude Rains put on that impressed them most or whether it was the excellent music that ran throughout the film.

While I watched it last week, the whole show house shook for a few minutes. What I thought was part of a very realistic build up for the scares of the film turned out, according to the papers next day, to be an earthquake. But it all helped to build the atmosphere. However I don't believe it will be part of the show this week.

"The Constant Nymph" at the Sequoia and other theaters in the county this week is good romance. This first class novel, written by somebody I don't remember, was very popular reading a few years back, and with Boyer and Fontaine it turns into a film better than the book. Boyer is generally nice for high school girls and romantic housewives, but in this he adds to his usual sex appeal a really fine job of portrayal. And little Miss Fontaine is beautiful and convincing. The story is laid in the Swiss Alps where Joan and a flock of equally attractive sisters develop personalities and talents that fit well in the Alps but upset certain parts of England.

Ladies' Auxiliary Hold Food Party For Servicemen

Service boys at the Sausalito U. S. O. Club enjoyed food like "mother used to cook," for the second time when the Ladies Auxiliary of the Community Church served refreshments at the club last Tuesday. They now have a regular night—the first Tuesday of every month for bringing home-cooked party food to the boys. Mrs. Ella Johnson, House 483, was chairman of this month's committee.

Women Voters To Hold Session At Marin City

The Marin League of Women Voters will hold their regular monthly meeting on Wednesday, November 10, at 2 p. m. at the Service Men's Club in Sausalito.

Mrs. Ray Schultz will speak on "Our Political Parties and How They Grew."

The League has extended a special invitation to all Marin City women to attend, so that they may become acquainted with California voting laws.

The Foreign Policy group, also a public meeting, will meet November 4 and 18 at 8 p. m. at the same place.

Mrs. Dale Dinsmore and son Glenn returned this week from Monterey, California, where they visited Mrs. Dinsmore's daughter.

Marin City has welcomed the following new residents during the past two weeks. The apartment arrivals are Mr. and Mrs. Alvin Tinnes and Rosemary Haunch, B-9, 477; Mr. and Mrs. Willie King with daughter Evonne, B-10, 40;; Mr. and Mrs. Allen Jackson, B-6, 393; Mrs. Suzie Slape with sons John and Cecil, A-13, 542; Mr. and Mrs. H. W. Wright, B-8. 318; John and Robert Moore, B-1, 15; Mr. and Mrs. Jas. Wilder, B-3, 259.

Mr. and Mrs. Rellman McCrosky, B-3, 249;; Mr. and Mrs. Walter Doss and James Doss, A-35; 113; Llona Bellak, A-16, 631 Mr. and Mrs. Alonzo Brooks, A-48; Mr. and Mrs. Dewey Raymond, B-9, 375; ;Mr. and Mrs. Oliver Pierce, B-9, 479; Mr. and Mrs. Philip Horlock and daughter Beverly, A-26 428; Mr. and Mrs. Alfonso Martinez, A7, 363; Mr. and Mrs. Solas Bayne, B-5, 237.

Families who have moved into houses here are Mr. and Mrs. Roy O'Brien, Leonard, Richard and Hazel, House 789; Mr. and Mrs. Theo. Barron, Theo., Wyna and Mathew, House 685; Mr. and Mrs. Cecil Spenser, Cecil Roy, Bobby and Glenn, House 739; Mr. and Mrs. John Mansfield, Margaret, House 197;; Mr. and Mrs. Earl Faubel, Earl, Jr., Peggy, Dorla, Jim, Beverley, House 702; Mr. and Mrs. Ralph Benckendorf, Donald, Caroline, Jean, House 675; Mr. and Mrs. Emanuel Anderson, John, Arita, House 443;; Mr. and Mrs. Henny Hathaway, and Helen Arensberg, House 799; Mr. and Mrs. Chas. Karkling, DeVelle, House 563; Mr. and Mrs. Henry Laird, Henry, Evelyn and May Gay Sabin, Madge Avery, House 775; Mr. and Mrs. Chester Moore, Eddie and Willie May Wilson, Cora Roe, House 720.

Mr. and Mrs. Clarence Shaw Eva Sue, Robert, Allen, Marilyn, House 592; ;Mr. and Mrs. John Scales, Chas., Sue, House 553;; Mr. and Mrs. Earl Waller, Jerry, House 323.

Tea Equipment Loans Only At Board Order

Hereafter all loans of the tea equipment and dishes belonging to the Marin City Woman's Club will be granted only upon request to the Board of Directors of the Club, the board decided at last week's meeting. Appeals for the equipment must be made to the board, and not to the individual members.

Warren Gonyea, active Sea Scout member here, left last Wednesday for the naval training station at Farragut, Idaho.

The Sea Scouts and their mothers are having a pot-luck supper next Sunday evening at the Community Building.

Fort Hostess Thanks Women of Marin City

Thanks from the service men at Fort Cronkhite for the more than 2000 cookies which the Woman's Club has baked and given them, was expressed by Mrs. Josephine Beck, Fort hostess at last week's club meeting.

Mrs. Beck declared that every soldier was a "chow hound" when the cookies were served at the regular 9 o'clock coffee hour at the service club there.

She described the fort as a little known desolate spot about four miles out of Sausalito. The soldiers work out of the camp, many of them stationed at spots scattered throughout the surrounding hills. The boys who are at these isolated stations are particularly appreciative of the boxes of cookies which she sends them,, Mrs. Beck stated. One box lasted but 10 minutes after its arrival, she reported.

At this camp, which defends our coastline, the hostess said that the boys depend upon the service club for entertainment and relaxation. Cookies for the popular coffee hour are hoarded and distributed over the month so that every night the boys are appreciative that someone on the outside has thought of them.

HEART OF MARIN

Answers the Call of Sympathy

MARIN WAR CHEST

To meet a war need, seven local Marin agencies join seventeen national agencies in this united appeal.

Give Once For All---From Your Heart!

Never has there been more suffering in this world . . . Never have so many piteous broken people looked to America . . . to YOU . . for help.

From many lands, and from many local needs, arose a cry for aid. Funds were needed . . . pennies which could save lives. Many agencies arose to meet the need. They all had to come to you for money and your heart could say "no" to none. But it was confusing.

ELIMINATING THE CONFUSION

Now, in order to eliminate that confusion, a very sensible thing has been done. Leading Marin County welfare agencies, together with seventeen national war relief agencies, have been combined into one campaign, in the MARIN WAR CHEST. You give to this unified drive and you have given to all groups. You give once, for an entire year's need.

This campaign, operating through the National War Fund, is officially endorsed by the President. It has the backing of national leaders of business, labor and church. It permits you to budget your wartime giving more easily. It makes sense.

You probably dug deep for all these agencies last year. Well, this year, through the Marin War Chest it's going to be simpler for you. Look at the names of the agencies listed here. Add up what you gave before . . . then double it. You cannot give too much. The need is so great.

Then, for a whole year your dollars of mercy will tell the story of compassion over and over again—at home where charity is most precious, and around the world.

PARTICIPATING AGENCIES

Add together your contribution to each of these agencies . . . then double it . . . for a bleeding world.

MARIN COUNTY AGENCIES

All Marin charitable groups have been invited to conform to Presidential request and join in this united campaign. Participating local groups will be announced before start of the drive.

USO Cottage Staff Change

Recent turnover in the U. S. O. Cottage staff finds Mrs. Florence Fast replacing Mrs. Eric Thomson as assistant to Mrs. Marie Larson, director of the USO Travelers' Aid in Marin City.

When Nora and Ted tacked a "for sale" sign on their home, neighbors were mystified. It was one of the most attractive on the block and they seemed so happy in it.

What those neighbors did not know was that improper financing had turned the house into a source of perpetual worries . . . worries which Nora and Ted might have avoided had they arranged their financing at this bank.

For every day, Bank of America's real estate loan service enables home owners to select the type of loan best suited to their personal financial needs.

If you require money to buy real estate, to refinance, or if you wish to borrow on real estate for any purpose, come to this bank.

SICKNESS STRIKES MERCILESSLY when the invader takes all the food and the fuel. Picture yourself...here in your home town...your own little girl in your arms...turned away from a hospital because the invaders took all the medicines and beds for themselves! Let us help. Give now!

THEY'RE HANGING THE MAYOR...our own mayor. He wouldn't "collaborate." Another instance where it's "more blessed to give than to receive"...the benefits of these agencies listed here.

DON'T THINK it couldn't have been your mother scrubbing off the V. Lots of nations thought it couldn't happen. They found out differently...and that's one reason *you won't.*

MARIN CITY, GERMANY

Here's a sample of what we didn't get because our fighting allies did!

THEY took it...in London and Lidice. In Warsaw, Prague, Paris, everywhere the swastika cast its evil shadow.

We didn't get it here in Marin City. You don't see the flag with the crooked cross over our City Hall.

Well, let's not get smug about it. One of the biggest reasons is that our fighting allies were keeping it away from us while we were getting ready.

And what ingrates we'd be now if we don't do everything we can to help.

Our allies need food. Clothing. Medicines. They need them to *keep fighting...to break the yoke of Axis domination.*

The National War Fund is simply a new, efficient mechanism for providing them in the quickest possible time with the least amount of red tape.

But the National War Fund fights on two other fronts, too. It fights with our own fighting forces through the USO. It fights on the Home Front, too, by combining its appeal with that of our own local agencies.

Look over the list of agencies. Figure out what you'd give each one...and *double it!*

You're only being asked to give once . . . and for all these 17 agencies. So come on Marin City, make it good!

MARIN WAR CHEST

Give ONCE for ALL these

USO
United Seamen's Service
War Prisoners Aid
Belgian War Relief Society

Ration-Time RECIPES

Here's a cheese and macaroni loaf with rarebit sauce that's a toothsome mainstay on a meatless menu. Part of the cheese sauce, made with cottonseed oil margarine, is used to add flavor and moisture to the loaf, and the rest is served with the loaf when it is sliced:

CHEESE & MACARONI LOAF WITH RAREBIT SAUCE

1 cup elbow macaroni
3 tablespoons margarine
3 tablespoons flour
1 teaspoon salt
¼ teaspoon celery salt
¼ teaspoon dry mustard
Dash of pepper
1¼ cups milk
1 cup (4 oz.) shredded American cheese
1 teaspoon Worcestershire sauce
2 eggs, well beaten
¼ cup chopped green pepper

Cook macaroni in rapidly boiling salted water until tender; drain. Melt margarine. Blend in flour and seasonings. Remove from heat. Add milk gradually, mixing well. Cook over low heat, stirring until thickened. Add cheese, stirring until melted. Add Worcestershire sauce. To well beaten eggs, add macaroni, green pepper, and half of cheese sauce; mix well. (Place rest of sauce over hot water.) Pour macaroni mixture into well greased loaf pan. Bake in moderate oven (350° F.) about 45 minutes. Turn out on warm platter. Garnish with water cress and broiled tomato slices, seasoned with grated onion, salt, and pepper. Serve loaf, sliced, with remaining cheese sauce. Serves 6.

Other favorite low-point recipes are found in a 32-page cookbook "Ration-Time Recipes." Free copy may be obtained from National Cotton Council, Box 18, Memphis (1) Tennessee.

Mrs. Anderson Luncheon Hostess Last Tuesday

Mrs. Ed Anderson entertained a group of ladies at a bridge luncheon last Tuesday. Prizes were won by Miss Goldie-Faye Jones, Mrs. Josie Houston and Mrs. Valrie Day.

Mrs. Valerie Day, who had planned to be hostess to the group, recently was in an automobile accident in which she suffered a broken wrist and other injuries. Mrs. Day is reported recovering nicely now, however.

Mrs. Houston made her last appearance with the group at this party. She is leaving Marin City as soon as her husbands joins the armed forces.

COOKIE BRIGADE FAVORITES

Helen Schuppan's Oatmeal Crispies

1 cup shortening
1 cup brown sugar
1 cup white sugar

Cream in sugars until soft and fluffy.

Add 2 well-beaten eggs and 1 teaspoon vanilla. Beat well. Sift and measure 1½ cups of flour; add 1 teaspoon salt, 1 teaspoon soda. Stir in creamed mixture. Add 3 cups quick oatmeal and 1½ cups chopped walnuts. Form in a long roll and chill.

Cut in slices and bake in a moderate oven, 400 degrees, for 10 to 12 minutes. You may add one package of chocolate chips or 1½ cups of raisins.

Brown Sugar Chews

3 whole eggs beaten very light
2 cups of brown sugar, beaten in thoroughly

Sift and measure:

1 cup flour
½ teaspoon baking powder

Fold into egg and sugar mixture and add 1 cup chopped nuts. Pour into a well-oiled cake pan (about 10x14) or slightly larger if you have one and bake slowly for 25 to 30 minutes—325 degree oven is the best temperature. These chews rise and then fall—hence the chewy texture. Cut into bars or squares while still warm.

(Note: These cookies have been great favorites with the Cookie Brigade, which has been doing a swell job despite rationing and which needs both workers and materials. Baking nights make an interesting evening at the Community Building kitchen, and we do have fun, ending up with the crumbs or occasional burnt cookies and tea or coffee and always a story or two.)

BOOKS IN REVIEW

"MOTHER RUSSIA"
By Maurice Hindus

The eyes of the world are upon Russia at this time, and in his new book, "Mother Russia," Maurice Hindus presents in his usual inimitable style, reasons why Russia feels and knows that she will defeat Germany.

Maurice Hindus, Russian born American educated and an American citizen, because of the knowledge he possesses of the Russian people, was sent to Russia in 1942, to write articles for the New York Herald Tribune. He gives us a series of word pictures of the people, tells us how they work, live and fight, yet enjoying themselves when they can find the time.

Mr. Hindus met and interviewed many outstanding personalities, and their opinions and their opinions and isues, especially their attitude and interest in America, make very interesting reading.

The reader will particularly approve of the method Mr. Hindus employs. There is no feeling of sentiment, no overwhelming expression of sympathy, just real facts of a very real people as Mr. Hindus found them.

"Mother Russia" is a remarkable book written by a very able man, and all readers who are interested in current affairs should not miss reading it.

H. S.

TIN PICKUP NEXT WEEK

The Marin City tin can pick-up is scheduled for November 14 here. "Be sure to deposit all your tin cans in the salvage bin south of the medical center," says Mrs. Robert Cooper, chairman of the salvage committee of the Women's Club.

Pauline Ramey, 10 years old, entertained her friends at a Hallowe'en party at her home last Friday evening.

Mr. and Mrs. M. I. Gould and daughter moved to a house in Mill Valley last week. They lived in an apartment during their stay in Marin City.

Meet Your Teacher

Mrs. Saidak, 2nd Grade Teacher, Plans Study of Chinese Speech

Mrs. Myrtle Saidak, of the Second Grade, who was born in Portland, Oregon, missed being a native daughter by only a few months for her family came to San Francisco when she was a babe in arms; and they arrived just two days before the earthquake and fire of 1906.

Her mother slept right through the worst of the disaster, says Mrs. Saidak, and awakened only when some crumbling plaster fell on her face. Although her family lost all their belongings, the family was safely intact and stayed in California until Mrs. Saidak was of high school age, when they returned to the Northwest. She graduated from high school in Seattle, Washington, and started Western State College at Bellingham. Her teaching training was completed at Humboldt State Teachers College.

Her teaching experience has led her through six California counties, starting at Mendocino. For eight years she taught in rural schools—going through the mental gymnastics necessary in teaching eight grades in one room.

In 1940, she took a vacation from her teaching job to try working in a press clipping bureau, as a USO secretary, and in the Navy record office. She was released from her civil service position to take up her teaching in Marin City last March.

Mrs. Saidak's special talents are sewing, particularly remodeling, and music. She and Mrs. McDonald, the other second grade teacher, trade their classes for the music and art period so that each may teach her special subject.

Mrs. Saidak intends starting soon the study of the Chinese language, with the idea of teaching in China after the war.

How To Find Sweet Shop And Cleaners

People have asked the "Citizen" this week, where to find the candy shop that is providing all of the suckers for the kids and the fine candies for everyone.

A note of direction: Jim's Sweet Shop is located in the front of the Shopping building, on the side nearest the post office.

The Dry Cleaning Plant also is a little difficult to locate. It can be found at the back entrance of the Building on the old road.

Kids Have Good Time On Halloween

Nearly 500 children costumed as ghosts, pirates, skeletons, witches, gypsies, and all the traditional garbs of Hallowe'en centered at the school house last Sunday to celebrate one of their favorite holidays.

With the Sea Scouts and frantic members of the child welfare committee sorting them out, the children assembled under the banners of their home states and marched in grand parade to the auditorium of the Community House.

After long deliberation of judges: Rolf Bremer, Mrs. Helen Van Pelt, and Mrs. Marie Larson; and the children of the audience who clapped their appreciation of the best costumes, the first prize was awarded to two-year old Lorraine Steimetz, daughter of Mr. and Mrs. Howard Steimetz. Lorraine won a $5 war savings stamp book. Second prize and $2.50 of war savings stamps went to Doris Smith who was dressed in a Russian costume. The third prize went to Joan Galiher, who was costumed in a ruffled and flowery crepe paper dress.

Then the children settled in their seats for three hours of movies; while accompanying parents looked on, danced in the council room, and talked in the lounge.

The purpose of the party, said chairman Verne Lindberg, was to give the kids a good time and keep them out of mischief on the traditional prank night. From all observations both objects were accomplished. No damage to property in Marin City has been reported.

Sea Scouts who helped with the party were Dale Briggs, Ed Lindburg, Warren Gonyea, Bob Gruenwald, Bart Weber, Lloyd Davis and Bob Clark. Skipper Art Walenta also assisted with arrangements.

The party was organized and financed by the Marin City Council, under the direction of Councilman Verne Lindberg.

'TEENERS COLUMN

October 19th marked the formation of the new Teeners' Council. Out of almost 300 Marin City Teeners, ten of them were chosen, because of their constant interest in Teener affairs, to elect a temporary council, whose purpose is to organize the activities of the Teeners.

The elected officers of the Council are as follows: Chairman, Joyce Palmer; Vice Chairman, Anastacia Kilty; Secretory Abbot Turner.

Not only do the Teeners have a new Council, but they also have a new recreation building. This building was formerly a school building but the partitions have been removed. Dance music will be provided by a **juke box. There will also be** ping pong tables, card tables, lounges and chairs for the enjoyment of the Teeners who come. For the convenience of the Teeners who might be hungry or thirsty, there will be a snack-bar in the building. Soft drinks, sandwiches and coffee will be sold. The name of this building, The "399", was selected from several names, suggested by the Teeners, themselves. As soon as the "399" is completely furnished, the building will be open each evening from 7:00 until 10:00 p.m., with the exception of Friday night, which is the scheduled Friday dance for the Teeners, held in the Community Building Auditorium.

To become a member of the Teeners Club, you must be between the ages of 13 and 19, inclusive, and a resident of Marin City. Twenty five cents per month is the only charge for dues, which entitles the members to the "399" membership cards which will be given to the paid members very shortly.

Recreation For Kids at Center All Week Long

Rain or shine, the Community Building which belongs to Marin City residents, is open to the kids of all ages for supervised play Monday through Saturday from 1 to 6 p.m.

In addition, on Tuesdays the children can find organized fun there from 6:30 to 8:30 p.m. The teeners take over from 8:30 to 10 p.m.

Fridays the kids have another evening there from 6:30 to 8:30. And Sunday, the new recreation program here provides them with game leaders and play from 2 to 5 p.m.

Bremer Gets New County Fire Ordinance

A new Marin county ordinance prohibiting tampering with fire equipment, drawn up by the district attorney at the request of Rolf Bremer, Marin City fire chief, has been passed by the Board of Supervisors.

The ordinance provides: "Every person who wilfully tampers with, molests, injures, breaks, removes, uses or destroys any apparatus, hose, extinguishers, axes, shovels, tanks, buckets, or other equipment or articles designed, intended and maintained for the purpose of fire protection, fighting, extinguishing or prevention, except for the purpose of actually suppressing or extinguishing a fire, is guilty of a misdemeanor shall be punished by imprisonment in the county jail for not more than six months or by a fine of not more than $500.00 or by both such a fine and imprisonment.

Mr. and Mrs. Frank Leoni of San Anselmo were entertained at luncheon on Friday by Mrs. H. L. Denny.

YOUR UNION

By CHARLES G. AUSTIN
President, Marin County Central Labor Council

Congratulations

We read in the newspapers that the proposed National Sales Tax plan has been junked and it its stead the committee is presenting a real plan to meet budget demands. Congratulations should be extended to the untiring efforts of many who showed proof that the majority of the people in the low income brackets are already strained to the breaking point. The plan that is to be proposed by the Committee is not a "Soak the Rich" idea, but based entirely upon income. It stands to reason that all in a war effort should not base their endeavors upon profit alone. The common danger that confronts us will know no distinction.

Travalogue

Our "Modern Rover Boys" could perhaps take a few notes from Organized Labor. It is true that this war has made some strange bedfellows, but no better example of cooperation and unity of purpose can be found than in the efforts and record of Labor. I honestly believe their fact finding report should remain in the hands of committee and not be made public until recommendations for correction of whatever things that are found wrong are issued. The "Rover Boys" statements did nothing but to stir up animosity and to give our far famed isolationists ammunition for their "I told you so" propaganda. Besides, Rumor being so rampant, that these things only increase the thoughts of the common man that somethings is wrong in Denmark.

Appreciation

It is now too late to send any Christmas Gifts to men in the service. It would be most kind and generous for us all to sit down and compile a list of our friends and acquaintances (besides our relatives) in the Armed Forces and send them a nice long letter of good cheer. Perhaps it would be most fitting for our Local Union Secretaries to send a letter to all our members who are now serving their country and let them know we think of them and hope for their safe return.

Mr. and Mrs. Lloyd Messersmith gave a dinner party on Sunday evening. Guests included Mr. and Mrs. Homer Palmer and Mr. and Mrs. N. W. Hollenbeck (parents of Mrs. Palmer) of Lake Tahoe, Calif., who are visiting here with their daughter until after Thanksgiving. Bud and Joyce Palmer and their cousin, Connie Palmer, were other guests present.

Churches Vote On Peace Plan Next Sunday

The United Council of Church Women (Interdenominational) of America, organized "to make possible the things that cannot be done by any denomination alone", is calling for a nation-wide vote on the issues of peace, to be held in the churches of America on Armistice Sunday, November 7, at the 11 o'clock service.

It is expected that ten million will participate.

Dr. Pendleton announces that a secret ballot will be taken at the morning service of the Marin City Community Church.

A new Armistice Day will soon thrill the world. Will it be as futile and temporary as that which followed the last war, or will the people support a World Community for the establishment of an enduring peace?

The following three propositions will be submitted to the churchmen and women of America:

(1) Would you be willing to instruct your Senator and your Representative in Washington to vote for a bill which would authorize the United States to join in a world organization for the purpose of insuring responsibilities involved? Yes..... No.....

(2) Would you be willing to continue for a period after the war such wartime regulations as the rationing of food, gasoline, and restriction of travel, etc. If such were necessary to relieve distress, restore order, and help other nations to recover from their war damages? Yes ..... No.....

(3) If a gun were available capable of instantly exterminating all the German people with one shot, would you be willing to fire that gun? Yes .....? No.....?

The third question has been voted upon by the people of England with extremely interesting results. Dr. Pendleton will make known the British vote at the Marin City church next Sunday.

Get Your Xmas Mail Off During November

The Postmaster General of the United States this week appealed to all citizens to get their Christmas mail in the mails during the month of November.

The Postmaster General said that mail (including packages) taken to postoffices after November would not be assured of delivery until long after Christmas.

Reason for the appeal was the fact that more than 30,000 postal employees have gone into the armed forces and the fact that the mails are filled with war materials and military mail.

Arnold Hamm Dies Here

Death came last Saturday to Arnold Hamm, 30, after a lingering illness. His wife and three children: Roselia, 6 months, Arnold Jr., 4, and Faith, 10, have returned to their former home in Maryland, New York, where the funeral and burial will be held.

The Hamm family lived in House 633 here.

Guest of Mr. and Mrs. F. Leander is Mrs. W. Frode (mother of Mrs. Leander) of Minneapolis, Minn.

DOROTHY SMITH, City Editor.
HARMON J. SMITH, Business Manager.
RICHARD HARTFORD, Advertising Manager.
LLOYD MESSERSMITH, Circulation Manager.

Peggy Billingsley, Women.
Mrs. Victor Wollman, Red Cross.
Joyce Palmer, Junior Activities.
Dr. N. W. Pendleton, Father Henry O'Flynn, Church.
W. C. Billingsley, W. C. Lewis, Civilian Defense.

"The Marin Citizen" is delivered each week to the homes of more than 6000 war workers and their families. It is the only newspaper published in the second largest city of Marin County.

Subscription Rate: $2.00 a year. Advertising rates on application.

YOUR RIGHT TO VOTE

"THEY ARE FIGHTING FOR YOUR RIGHT TO VOTE."

That slogan in big letters placed under a picture of an American soldier leading a bayonet charge appeared on a poster we saw all over the state last year. It has remained in our mind ever since.

THEY ARE FIGHTING FOR YOUR RIGHT TO VOTE! AND FOR THE RIGHT OF EVERY FREE AMERICAN CITIZEN TO VOTE AS HE PLEASES!

That is one of the things we're fighting this war about —the right of the majority to elect representatives of their own choice, the right of the majority to pick the kind of government they want.

Next Wednesday Marin City citizens go to the polls to vote for members of the city council. Everyone who is a resident, and who has passed their eighteenth birthday, can cast a ballot. The polls wil be open at the Lounge Room of the Community Center from 9 a. m. to 7 p. m.

It is our belief that all of us owe it to our men and women in the fighting forces to keep the light of democracy burning fiercely during this time of great world crisis. One of the best ways we can do this is to vote at all elections—city, county, state and national.

They ARE fighting for your right to vote! Let's give them our support by USING our vote!

OCTOBER 28, 1886.— THE LIBERTY-LOVING PEOPLE OF FRANCE PRESENTED TO THE AMERICAN PEOPLE THIS SYMBOL OF FREEDOM.
OCTOBER, 1943.— THE STATUE OF LIBERTY IS STILL A SYMBOL OF FREEDOM TO THE LIBERTY-LOVING PEOPLES OF THE ENTIRE WORLD.

MIKE'S COLUMN

By MICHAEL SMITH Chairman Marin City Council

There are higher expressions of patriotism than building ships. And there are more intelligent methods of meeting parental responsibilities than merely making money. But judging from the manner in which so many parents in Marin City neglect minor children it would seem they are more concerned with two paychecks in a family than they are in the health and character of their own kids.

The situation in Marin City has grown to a point where it is no longer an isolated problem. And it has grown too dangerous to ignore any longer. It's not getting better; it's getting worse. Obviously the children are not to blame. Nor is it the fault of the management, school authorities or the cops. The fault rests squarely with fathers and mothers who are too ignorant or too selfish to meet responsibility as parents.

Here are a few examples:

The parents have their 10 year old daughter take care of the little ones (ages 8, 5, and 3) while they work the swing shift. Needless to say there is a complete lack of discipline; and countless times the children have been seen playing in the streets—dirty and entirely unsupervised long after dark.

In another instance two children, ages 6 and 3, are left alone all day long.

A serious fire broke out in one house where two children were asleep. They were rescued by a neighbor who had to break in a window because the door was locked. I could enumerate many more like examples.

Constructive steps are being taken by your city council to avoid the dilemma that San Francisco and other war centers face. Council intends to work with management to see that some thing is done and soon.

It has been proposed that we consult with the personnel department at Marinship with the suggestion that before any mother is hired she must show that her child or children are properly cared for during the hours she is at work.

The Federal government has already instituted this policy at Mare Island.

Unlike most larger centers of population we have an excellent child care center right here in Marin City. And they are still accepting children at a reasonable cost.

For those mothers who do not work, and neglect their children to a point where they are a community problem, it will be necessary to invoke the law which cover such cases.

The council addresses itself to this problem, not in the spirit of meddlesome busybodies, but simply because it's the decent thing to do.

A LETTER TO THE EDITOR

Dear Sirs:

My husband sent this little poem to me and asked me if I would send it on to you, thinking that maybe you would like to put it in your paper. He was an active member of the National Defense organization in Sacramento.

HOW TO TELL THE GASES
By Pvt. Alfred H. Meade
U. S. Medical Corps

M-1
Grandma smelled geraniums
Started feeling kinda bum.
Sure, you guessed the trouble right,
Grandma sniffed some **Lewisite.**

P. S.
"Don't you feel my odor sweetish?"
Said the flypaper to the fly.
"I smell just like **chloricrin**
And you'll think you'll ike to die."

C. G.
Maud Muller on a summer day
Smelled the odor of newmown hay.
She said to the judge, who was turning green,
"Put on your mask! That's **phosgene."**

C. N.
Apple blossoms, fresh and dewy?
Normandy and romance?
Hooey!
For the charming fragrance then known
Now is **chloracetophenone.**

H. S.
Never take some chances if
Garlic you should strongly sniff.
Don't think that Mussolini passed—
Man, you're being **mustard-gassed.**

Thanking you,
Yours truly,
Mrs. Grace Meads.

THE... SOAP... BOX...

By THE EDITOR

Two weeks ago we promised that we would look into several requests made to investigate the effect on our general community health of sewage dumped into the bay close to Marin City.

We told you at that time that sewage from Marin City was treated so that when it finally entered the bay it was chemically as pure as drinking water. This is so. Here at Marin City there is a plant which uses what is known as a "leeching process." All sewage from the community goes into a central enclosed tank. This tank contains leeches which feed on the sewage and completely purify it We didn't know it until we were told, but this process is used exclusively. It is very effective

The disposal of sewage at Marinship is a different matter. There raw sewage is dumped into the bay without any treatment at all. This we think is a definite health menace.

Recently Dr. Wilson Halverson, director of the California State Department of Public Health, said:

"While the exact manner in which infantile paralysis is spread is unknown, it is true that the virus of the disease has been found in raw sewage."

More than 15,000 workers are at Marinship 24 hours a day, six days a week. This is the population of a good sized city—it is a larger number of people than the population of any community in Marin County. The fact that raw sewage from an industrial plant of this size is allowed to go into the bay we believe warrants an investigation.

We have not been able to go into this situation as far as we have wished. We have asked questions from a number of public officials, however, and have queried Marinship public relations officials. The answers we have received lead us to believe that the situation is worse than we first thought.

When we find out more we'll let you know.

To the People of this Community:

PLAIN WARNING TO YOU!

Here is a plain warning for you . . .

"This war will last until 1949 or longer if the home front fails to back up our men in battle . . . Frank Knox, Secretary of the Navy.

Buying War Bonds to the point of temporary personal sacrifice is the most direct way you can comply with Secretary Knox's appeal.

"Temporary sacrifice" is the correct phrase because you are only lending your money when you buy War Bonds. This government which never has defaulted on an obligation will pay you back $4 for every $3 invested if you hold the bonds for 10 years.

The least you can do is to back the attack with War Bonds today. Buy extra Bonds above your normal Bond buying.
